ABOUT VERTEXPM

Big-picture thinking. On-the-ground focus.

VertexPM Inc. is a GTA-based construction management and quality consulting practice, run in partnership by its two co-founders.

A PARTNERSHIP WITH PURPOSE

A new company. A shared commitment to quality.

Partner-led. Personally invested.

WHO WE ARE

We bring practical systems, field coordination and complete project records together to support construction from planning through closeout.

Working with contractors, municipalities, developers and utilities, our focus is clear: strengthen compliance, manage risk and support successful delivery.

01 **Practical quality**

Systems that work in the field, not just on paper.

02 **Clear accountability**

Defined responsibilities and open communication.

03 **Complete delivery**

Careful verification and organized project records.

RELEVANT EXPERIENCE

A new practice.
An experienced perspective.

Professional knowledge behind the partnership, brought into a focused new consulting practice.

CREDIBILITY, STATED CLEARLY

Experience belongs to the people behind the company.

The experience described here includes work completed by the partners before VertexPM Inc. was established. It is not presented as a portfolio of completed VertexPM company projects.

01 **Infrastructure construction**

Practical understanding of construction delivery.

02 **QA/QC specialization**

Quality systems, inspection and verification.

03 **Transit & tunnel experience**

Professional exposure to complex infrastructure.

04 **Closeout expertise**

Turnover, deficiencies and quality records.

05 **Hands-on field coordination**

Connecting project requirements with execution.

Credential placement: P.Eng. / PMP may be added to the relevant partner bio after verification.
